Assistant Editor

Dear Readers,

The picture on the inside cover is more than just a sunset. It is a symbol. It symbolizes the end of our high school years. The first and most important phase of our life is coming to an end. But as Winston Churchill once said,

This is not the end.

It is not even the
beginning of the end.
It is rather the end
of the beginning.

From this point on we, the Senior class, will be divided, each pursuing his separate goal. We wish we were able to publish an account of all our memorable years at good 'ole Harbor High, but since we have a limited amount of space in the RAMPAGE, we will only be able to show this, our Senior year. This book will be a reminder of our wonderful last year in high school to all of us who are graduating. We hope it will mean as much to the rest of you as it means to those of us who have composed it.

Sincerely,

THE RAMPAGE STAFF OF 1968

Dedication

We, the class of nineteen hundred and sixty-eight, wish to express our gratitude to Mrs. Betty Jezisek and Mr. Paul Pollak by dedicating this, our 1968 RAMPAGE, to them. They have been helpful to us during our high school years; their devotion to Harbor Springs High School and to the student body is certainly appreciated. They are always willing to sponsor activities and to help students whenever possible.

Mrs. Jezisek has spent untold hours working with our Senior class as a sponsor. We sincerely thank her for all the extra effort which has helped make our final year a success.

Mr. Pollak has spent a considerable amount of time advising and assisting various other grades with their functions and projects. This too has made the year pass smoothly and all too quickly.

We hope that they will continue to assist other classes as they have assisted us, and that that assistance will truly be appreciated by the Senior classes to follow.

In Memoriam

We the class of nineteen-hundred and sixty-eight, wish to pay tribute in this, our annual, to the memory of Mrs. Issac (Shelley) Troup, who has gone to a far better place than we have ever known. Her dedication and service to the students of Harbor Springs High School will always be remembered.

When sorrow comes, as come it must, in God a man must place his trust.
There is no power in mortal speech the anguish of his soul to reach,
No voice, however sweet and low, can comfort him or ease the blow.

He can not from his fellowmen take strength that will sustain him then.
With all that kindly hands will do, and all that love may offer, too,
He must believe throughout the test that God has willed it for the best.

We who would be his friends are dumb; words from our lips but feebly come;
We feel, as we extend our hands, that one Power only understands
And truly know the reason why so beautiful a soul must die.

When sorrow comes, as come it must, in God a man must place his trust.
With all the wealth which he may own, he cannot meet the test alone,
And only he may stand serene who has a faith on which to lean.

I congratulate the staff of the Rampage on this 1968 yearbook and thank them for this opportunity to express a thought or two.

Educational institutions are established to help young people mature. It is the earnest wish of all the school staff that they have been of some help in assisting each member of the class of '68 on his way to responsible citizenship. I hope that each of you will be a protector of all that is good in our society rather than a protester of some imagined wrong.

The famous inventor, Charles F. Kettering once said, "The important thing about getting somewhere is starting right where you are." There is nothing wrong with accepting the past. But how many times have we asked ourselves, "If only I could be more like that person? If only I lived somewhere else? If only I had more friends? If only I had more money? If only . . . ?" Perhaps we rely too heavily on the past. The past can only serve us as an experience resource - knowledge gained and learned. The future is our main concern now. With this realization, why not start where we are?

REMODELING!! It has looked like this since 1915. This year Harbor Springs High School is going to get a face lifting inside and out.

No more open stairways

The old coal burning furnaces will be gone, replaced by gas boilers.

Hallways will be revamped and brightened

This will no longer be with us – good!

This year's ski team didn't measure their success by their amount of victories but by the amount of fun they had. Ask any ski team member "How to pass the boot?" Or ask them about the Furry fish with the chicken legs, that swims in zero degree water.
